3.2) Labor costs

For the coverage period specified above in section 3.1, BRP-Rotax will pay for certain labor costs incurred by, or coordinated through any authorized ROTAX Distributor/Dealer associated with the repair or replacement of a part covered by this limited warranty (the "Labor Costs"). The amount of Labor Costs allowed will be in accordance with the latest revision of the BRP-Rotax limited warranty labor allowance for the applicable Product, which is made available to the authorized ROTAX distributors.

3.3) Shipping costs

For the first **TWELVE (12) CONSECUTIVE MONTHS** of coverage or the coverage period specified above in section 3.1, whichever is shorter, BRP-Rotax will pay for certain costs in connection with the shipping of anomalous parts or Products to a repair facility designated by BRP-Rotax. For reimbursement of such shipping costs, the Product owner must first obtain the written approval from a ROTAX Distributor/Dealer, and then pre-pay the shipping. Any Engine returned pursuant to this section 3.3 must be described on the bill of lading as "internal combustion engine", with the Engine serial number and the Engine type identified. BRP-Rotax will then reimburse the owner the actual surface freight charges incurred, or five hundred Euros (EUR 500.00), whichever is less.

The amount of Troubleshooting Costs allowed will be in accordance with the latest revision of the BRP-Rotax limited warranty labor allowance for the applicable Product, which is made available to the authorized ROTAX distributors, but in no event will the Trouble Shooting Costs exceed fifteen percent (15%) of the Labor Costs allowed by BRP-Rotax for such repairs or replacements.

No Troubleshooting Costs will be covered where the need for repair or replacement under warranty is identified in the course of overhaul, routine maintenance, or on the basis of an obvious nonconformity, or if the damage is not one covered by this limited warranty. No Troubleshooting Costs will be reimbursed if the need for a repair covered by this warranty was identified by someone other than a person approved by BRP-Rotax or its authorized Distributors/Dealers. Consult www.flyrotax.com or contact your authorized ROTAX distributor to see if a given repair facility is authorized.

5) What to do to obtain warranty coverage

The Product owner must notify an authorized ROTAX Distributor/Dealer, in writing, within fourteen (14) days from such discovery of a condition that the owner believes is resulting from an anomaly in material or workmanship in the Product. The Product owner must provide reasonable access to the Product and a reasonable opportunity for the authorized ROTAX Distributor/Dealer to repair it. The Product owner must also present proof of purchase of the Product to the ROTAX Distributor/Dealer, if requested.
